**PARTNERSHIP PROSPECTUS**

## WELCOME LETTER

Dear Colleagues and Friends,

We would like to invite you to the anniversary **10. congress of the Vascular Access Society**, which will take place in Ljubljana (Slovenia) on **April 5–8, 2017!**

Vascular Access Society (VAS) is a multidisciplinary society of vascular access experts – nephrologists, vascular surgeons, interventional radiologists, dialysis nurses and technicians, angiologists etc. Vascular access complications are the frequent source of dialysis patients' morbidity and without a vascular access, hemodialysis is simply impossible. This is why the vascular access research grows exponentially. Similarly, the dialysis access market is growing, too.

VAS congresses cover always the current state of the art, which is increasingly difficult for individual experts. We believe that the majority of you experienced the same feeling during the previous VAS congresses (Barcelona, Prague, Istanbul, Rome, Nice...).

One day before the congress, there will be specialized Hands on Workshops for a limited number of participants.

Ljubljana is a friendly and charming capitol of Slovenia with relaxed atmosphere. It is a place with very long history, where Baroque facades are mixed with Art Nouveau... Ljubljana has a good connection with major European airports.

The congress will take place in the Cankarjev dom Cultural and Congress Center. The local arrangement inside this Center will enable us to prepare a close contact of participants and company booths.

**We are looking forward to meeting you in Ljubljana!**

**Maurizio Gallieni and Jan Malik**  
*Congress chairmen*

## CONGRESS VENUE

The VAS Congress will be held in Cankarjev dom, Cultural and Congress Centre located in the centre of Ljubljana, at a walking distance from several hotels and the attractive Old Town. With 22 multi-purpose halls and function rooms and a maximum capacity of 2,000 delegates in the plenary hall, it is the largest purpose-built congress centre in Slovenia in terms of auditorium-style seating and among our most established venues on the international conference market.
